Introduction

The Ministry of Education and Technical Education recognizes the importance of empowering teachers with effective tools that elevate classroom performance, enhance the quality of education, and improve its outcomes. This is a real response to the voices of teachers, interacting with the feedback channels from the educational field, and meeting the needs of teachers for flexible and comprehensive educational tools that assist them in fulfilling their noble educational mission.

This book has been designed to serve as an integrated educational support for teachers, helping them in planning and executing their teaching tasks efficiently. It also facilitates continuous assessment processes. The content has been designed to offer diverse models of effective classroom performance and educational activities created based on an interactive methodology that enhances active learning. It contributes to a qualitative shift in teaching practices, clearly focusing on the student as the core of the educational process.

The book includes formative and diagnostic questions, as well as purposeful learning tasks that students can complete as homework, enhancing the integration of learning inside and outside the classroom and contributing to the sustainable construction of learning for students. These tools help develop critical and creative thinking, deepen understanding, and support and enhance student motivation, giving them a sense of achievement and excellence.

It also includes short weekly tests and periodic assessments, allowing teachers to measure the extent of learning outcomes and address learning gaps early, providing feedback on the initial results. The performances at the end of each month are concluded with immediate training sessions that help improve student performance. These assessments are gradual, taking into account individual differences and targeting various levels of cognitive development, within a framework of diversity, depth, and integration, preparing students for monthly tests efficiently.

This book is a true translation of the Ministry's directions to ease the burdens on parents, provide supporting educational content that enriches the classroom environment, and allow teachers more time for educational innovation and productive interaction with their students. It also forms an effective tool in supporting the Ministry's direction to enhance learning outcomes, achieving a real transformation in the learning environment—from memorization to understanding, from rote learning to application, and from passive reception to active participation.

When we place this work in the hands of teachers and students, we hope it will be a valuable contribution to improving academic performance, enhancing the quality of education, and becoming an additional cornerstone in building a generation that is aware and knowledgeable, equipped with the skills and competencies needed for success in a world that demands creativity and innovation. It aims to have a tangible impact in realizing an ambitious educational vision for the future of education in our beloved country.

Allah is the one sought for help, and He guides to the right path

Lesson1: A Day in My Digital Life

Date : ...../...../.....

Week : .....

Classroom Performance

Activity1: Read and choose the correct answer from a, b, c, or d:

1- Eating while looking at something on my …… is a bad habit.

a. oven b. table c. screen d. school

2- In the evening, I sometimes play online ……... with my friend.

a. tablets b. games c. boards d. books

3- The ……. is a darker screen setting to protect your eyes in low light.

a. evening mode b. night mode c. afternoon mode d. morning mode

4- Our teachers show us amazing videos about planets and animals using the …….. in our class.

a. ebook b. book c. smartboard d. website

5- I usually use my tablet to …… for news every morning.

a. find b. get c. see d. search

مستر مصطفى محمود

Activity2: Answer the following questions:

1. What technology do you use every day?

I use my mobile phone, my tablet, and my computer for my projects.

2. Do you think you can live without using digital devices? Why?

I think it would be difficult to live without them because we use technology for learning and communication, but we must use it wisely

Home Performance

Write a blog post of about NINETY (90) words on:

"My Daily Routine"

Hi everyone! I want to share my digital day with you
I always start my morning by checking my phone for messages from my school friends
At school, my teacher usually uses a smartboard to show us amazing videos
I love watching them! After school, I search for information on my laptop to do my homework
I often use a website that has useful facts. In the evening, I sometimes play online games with my friends. Before bedtime, I read ebooks on my tabletI always use night mode so the screen does not hurt my eyes. Technology is amazing when we use it wisely
! What about you?

Weekly Assessment

Date : ...../...../.....

Group A:

A) Rewrite the following sentences using the words in brackets:

1. We do experiments in the lab. **(can)**

We can do experiments in the lab.

2. The students do their homework. **(are)**

The students are doing their homework.

B) Write a paragraph of about NINETY (90) words about:

"How to Be a Good Learner?"

Being a good learner is a very important skill for every student. First, you should find your own learning style. For example, if you are a visual learner, you can use mind maps and colorful notes to organize information. Good learners do not just memorize facts; they try to understand them. You should also ask questions and review your lessons regularly. When studying becomes difficult, you can take short breaks to relax. Using digital devices and educational websites can also help you find useful information and make your learning more enjoyable."

Group B:

A) Rewrite the following sentences using the words in brackets:

1. I don't drive a car. **(can't)**

I can't drive a car.

2. My brother fixes the computer at home. **(is)**

My brother is fixing the computer at home.

مستر مصطفى محمود

B) Write a paragraph of about NINETY (90) words about:

"Modern Technology Makes Learning Enjoyable"

Modern technology has changed the way we learn at school and at home. Digital devices like tablets, laptops, and smartboards make lessons more interesting. Students can use educational apps and websites to find information easily. For example, auditory learners can listen to recorded explanations, while visual learners can watch amazing videos. Technology also helps us collaborate with our friends on different projects. Using these tools creates powerful learning experiences and helps us develop our digital skills. When we use technology wisely, learning becomes much easier and more enjoyable for everyone."

Group C:

A) Rewrite the following sentences using the words in brackets:

1. I revise my lessons for the exams. **(am)**

I am revising my lessons for the exams.

2. We don't use our phones in class. **(can't)**

We can't use our phones in class.

B) Write a paragraph of about NINETY (90) words about:

"Benefits of Learning Together"

Learning in groups has more benefits than learning alone. When students work in teams, they can share their opinions and discuss difficult problems to find creative solutions. Teamwork is important because it helps us develop essential skills like leadership and cooperation. It also makes students feel more confident when they communicate with others. In a group, we can do experiments together and learn from each other's experiences. Modern technology makes group learning very enjoyable because we can use digital devices to search for information. Working together also helps us make new friends and respect different ideas."

مستر مصطفى محمود

Classroom Performance

Activity1: Read the following sentences then put the events in order:

1. The students sang together, and the golden door opened. (5)
2. The children saw an invisible bridge with a glowing sign. (1)
3. They stepped onto the bridge and held hands. (2)
4. A golden door appeared with a message about determination. (3)
5. They refused to give up and kept trying. (4)

Activity2: Read and fill in the gaps with words in the box: مستر مصطفى محمود

4 3 1 2

(magical - breath - Ambition - invisible - respect)

In front of the children was an…… (1)……bridge. A glowing sign read: "Only those with …… (2)……..., ambition, and courage can cross." Sara thought for a moment. "Respect means we listen and care for each other." Zain added, "…… (3)……. means we believe in our success." Omar took a deep …… (4)……., "Courage means we try even when we are scared."

Home Performance

مستر مصطفى محمود

Answer the following questions:

1. What do you think the key to success is?

The key to success is determination and unity

2. What do you think the lesson you learned from chapter Two?

Determination opens every door, and we should never give up.

3. Why do you think the bridge was invisible at the beginning?

Because the children had to show respect, ambition, and courage for it to appear slowly beneath their feet

4. Why do you think singing together helped open the door?

Because singing together showed their unity, and unity is the key to solving problems.

Weekly Assessment

Date : ...../...../.....

Group A: مستر مصطفى محمود

A) Rewrite the following sentences using the words in brackets:

1. They watch videos to learn better. **(watching)**
They are watching videos to learn better.

2. The teacher showed us a new way to learn better. **(technique)**
The teacher showed us a new technique to learn better.

3. The bridge could not be seen. **(invisible)**
The bridge was invisible.

B) Write a paragraph of NINETY (90) words about:

"Your Favorite Learning Style"

"My favorite learning style is the visual style. I learn best when I see information in front of me using pictures, charts, and diagrams. I always use colorful pens and neat notes to help me remember important facts clearly. I also like to make mind maps because they help me organize my information. When my teacher uses the smartboard to show us videos, I understand the topic easily. Knowing my learning style makes my studies more enjoyable and helps me achieve success. I think everyone should find the style that works best for them."

Group B:

A) Rewrite the following sentences using the words in brackets:

1. I talk to my friends in English. **(communicate)**
I communicate with my friends in English.

2. She improves her skills. **(is)**
She is improving her skills.

3. He develops his learning habits. **(can)**
He can develop his learning habits.

B) Write a paragraph of NINETY (90) words about:

"Learning in Groups Has More Benefits"

"Learning in groups has more benefits than learning alone. When students work in teams, they can share their opinions and discuss difficult problems to find creative solutions. Teamwork is important because it helps us develop essential skills like leadership and cooperation. It also makes students feel more confident when they communicate with others. In a group, we can do experiments together and learn from each other's experiences. Modern technology makes group learning very enjoyable because we can use digital devices to search for information. Working together also helps us make new friends and respect different ideas."

Group C:

A) Rewrite the following sentences using the words in brackets:

1. She cannot say the word correctly. **(pronounce)**
She cannot pronounce the word correctly.

2. She organizes her ideas using charts and digrams. **(is)**
She is organizing her ideas using charts and diagrams.

3. She doesn't understand difficult lessons. **(can't)**
She can't understand difficult lessons.

مستر مصطفى محمود

B) Write a paragraph of NINETY (90) words about:

"Your Learning Habits"

"I have many learning habits that help me study effectively. First, I always organize my study space and keep my notes neat. I use colorful pens and mind maps to help me remember things. I also make a study schedule every week to focus on one subject at a time. I usually study in a quiet room and turn off my phone to avoid distractions. When studying becomes difficult, I take short breaks to relax my mind. I also like to record my voice to check my pronunciation in English. These habits make my schoolwork easier and help me achieve my goals."

a. in b. for c. to d. at

3. Read and complete the text with the words in the box:

2 3 4 1

(make – solve – advise - devices – creative)

Teamwork teaches students cooperation and leadership; it also helps them to be .....(1)..... thinkers. Learning with others helps students to .....(2)..... new friends because they spend much time together doing projects , ... (3)..... problems, and doing experiments. Modern technology makes group learning very enjoyable. Students can use apps and websites on the internet to find information about their work. Using digital .....(4) ..... creates powerful learning experiences.

4-Read the following text, then answer the questions:

مستر مصطفى محمود

Ahmed is a university student who loves planting trees. One day, he hears that a park near his house needs some trees. The city doesn't have enough money to plant more, and Ahmed wants

CamScanner
D.M.RAZK موقع الدكتور محمد رزق معلم الكيمياء التعليمي

مستر مصطفى محمود

to help. He decides to use social media to spread the word. **He** posts a message on social media. He writes, "Let's make our city greener! The local park needs trees. Join me to **raise** money and help to plant them !". His friends see the post and share it with their friends. At last, many people give money and others offer help. Ahmed feels proud because he could make a difference.

a. Choose the correct answer from a , b , c or d:

1. The park needs more ..... .

a. workers b. trees c. soil d. wood

2. The underlined word "raise" has the same meaning as ".....".

a. collect b.connect c. damage d. spoil

b. Answer the following questions:

3. What does the underlined word "**He**" refer to?

Ahmed

4. Why does Ahmed decide to use social media?

To spread the word about the park needing trees and to raise money to plant them.

5. Do you think Ahmed is helpful? Why?

Yes, because he cares about his community and takes action to make the city greener.

5- Story

a. Read and write (T) True OR (F) False:

مستر مصطفى محمود

1- The students stepped onto the invisible bridge, holding hands, and encouraging each other. (T)

2- Courage means we try even when we feel safe. (F)

b. Answer the following questions:

1- What did the glowing sign read?

"Only those with respect, ambition, and courage can cross."

2- Why do you think respect is important in teamwork?

Because it means we listen to and care for each other, which helps the team work together.

C. Writing

6- Rewrite the following sentences using the words in brackets:

1- Emad is able to repair his computer alone. **(can)**

Emad can repair his computer alone.

2- She hasn't the ability to make her own food. **(can)**

She can make her own food.

I am doing my homework at the moment.

7. Complete the following dialog:

Amgad is asking Omar about his favorite sport.

Amgad: Do you like sport?

Omar: Yes, I .....(1).....do.....

Amgad: .....(2) is your favorite sport? what

Omar: My favorite sport is handball.

Amgad: .....(3) ..... do you play handball? Where

Omar: I play handball at the .....(4) .....club

Amgad : I will come to the club with you next time.

8. Write a paragraph of NINETY (90) words on: مستر مصطفى محمود

"My learning plan"

To improve my English, I have a clear learning plan. At school, I always try to sit at the front to see the smartboard clearly. I also listen carefully to my teacher's explanations. To practice my writing skills, I write five sentences every day about my digital life. I often record my voice on my phone to check my pronunciation and improve it. Sometimes, I watch educational videos on the internet because I learn better when I listen and see at the same time. I also use mind maps to organize my ideas. My goal is to be a successful student."

Listening Text

To improve my English, I use learning styles at home and at school. In English class, I try to sit at the front to see the board clearly. To practice writing, I write 3-5 sentences each day about what I did. I can record my voice to know the correct pronunciation of words.

Sometimes, I can watch vidioes to help me as I can learn when I listen and see at the same time.

Now, I am practicing vocabulary anywhere. I always speak to my friends in English. We like to draw diagrams to remind us.

She was determined to study physics and became the first Egyptian woman to get a PhD in Atomic Radiation . She believed science should be used for peace and to help her community
Her famous wish was for cancer treatment to be as cheap as aspirin
She is a symbol of hope for many Egyptian girls"

Listening Text

The monorail will improve the daily life of Egyptian citizen in many ways. First, it will reduce travel time, making it faster for people to move between different parts of the city. Second, it will help reduce pollution because it uses electricity instead of fuel.

There are some main differences between the monorail and other types of public transportation. Unlike traditional trains or buses, the monorail runs above the ground on a single rail, so it doesn't get stuck in traffic. Also, it's faster, quieter, and more modern than older systems.
